

About the International Conference

International conference on “Recent Advances in Mathematical and Physical Sciences-2022 (RAMPS-2022)” is intended to bring together faculty members, research scholars and students to exchange state-of-art knowledge related to their fields. There will be two major tracks of the conference. Mathematics and Computing as first track and second is Physics and Computer Science. First half of two days of the conference will be devoted to key note and invited talks and second half will be for paper presentation.

About The Department

The Department of Mathematics and Statistics came into existence in 1985 which offers postgraduate program in mathematics with specialization in statistics and research program in mathematics and Statistics. The department caters to the needs of knowledge based education to students and seeks to develop problem solving skills within the domain of mathematical spectrum, and suggests applications to other branches of applied sciences. The department has so far produced more than 50 Ph.Ds and supervised several research projects. The faculty members have got published more than 350 research papers in national and international journals of high repute. Faculty members are internationally travelled including the countries such as China, Germany, Thailand, Hungary, Ethiopia, Switzerland, Romania, Germany, UK, Thailand and USA. Faculties have received several accolades and awards including Shikshak Shree Award of Govt. of Uttar Pradesh. About more than two dozen of students of the department have qualified JRF/NET/GATE examinations and serving in the nation and abroad as scientist, researchers and faculty. Recently, three projects have been sanctioned by U.P. Govt. under research and development scheme to three faculty members of the department.
